To our valued customers,

Statement on Conflict Minerals

Altus is committed to the responsible acquisition of “Conflict Minerals” (Tin, Tantalum, Tungsten and Gold) used in its products, and does not support, contribute, assist or facilitate the armed conflicts and violation of human rights in the Democratic Republic of Congo (DRC) and adjacent countries of Central Africa.

Also, practices related to the acquisition process include requirements and the periodic follow-up of the suppliers to assure that all acquired products are DRC conflict-free, aligned with Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, issued by the United States Securities and Exchange Commission – SEC. These practices include the dissemination and awareness so that more suppliers from Altus’ supply chain join this initiative.
