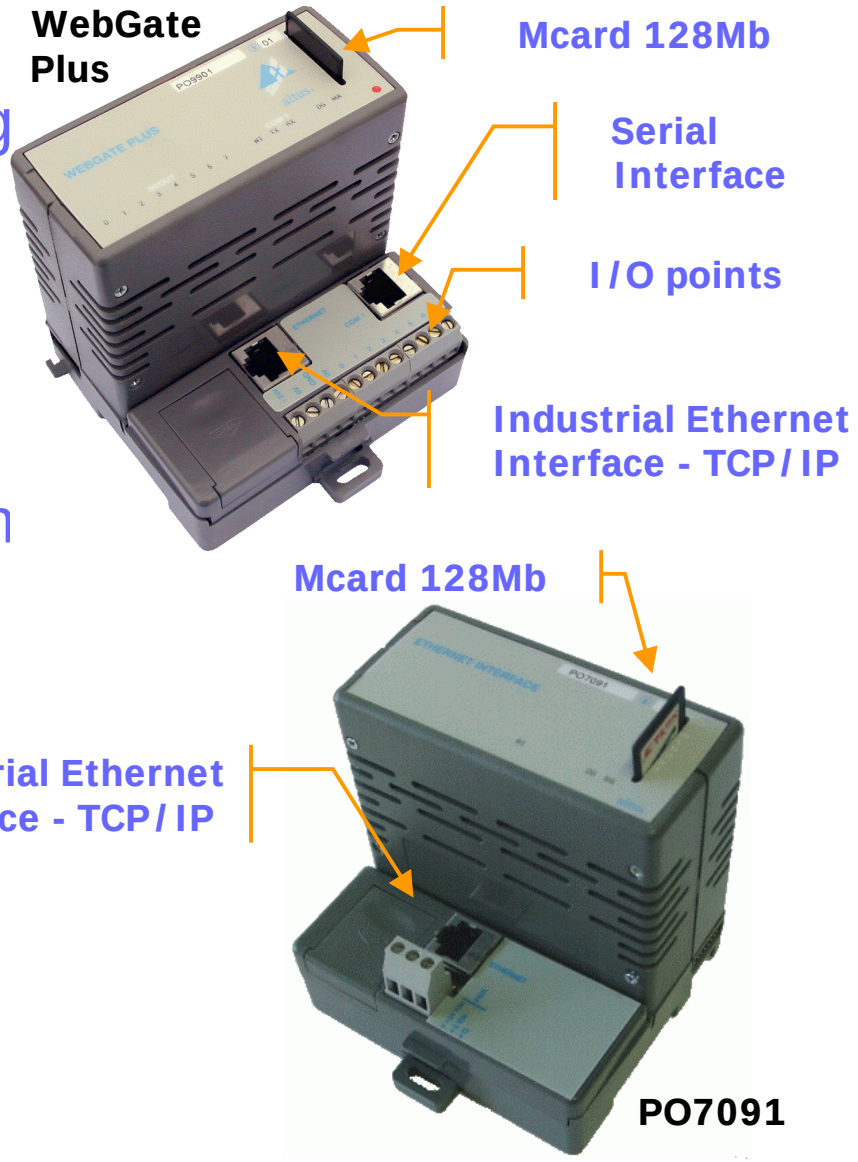
Industrial Ethernet & WebView

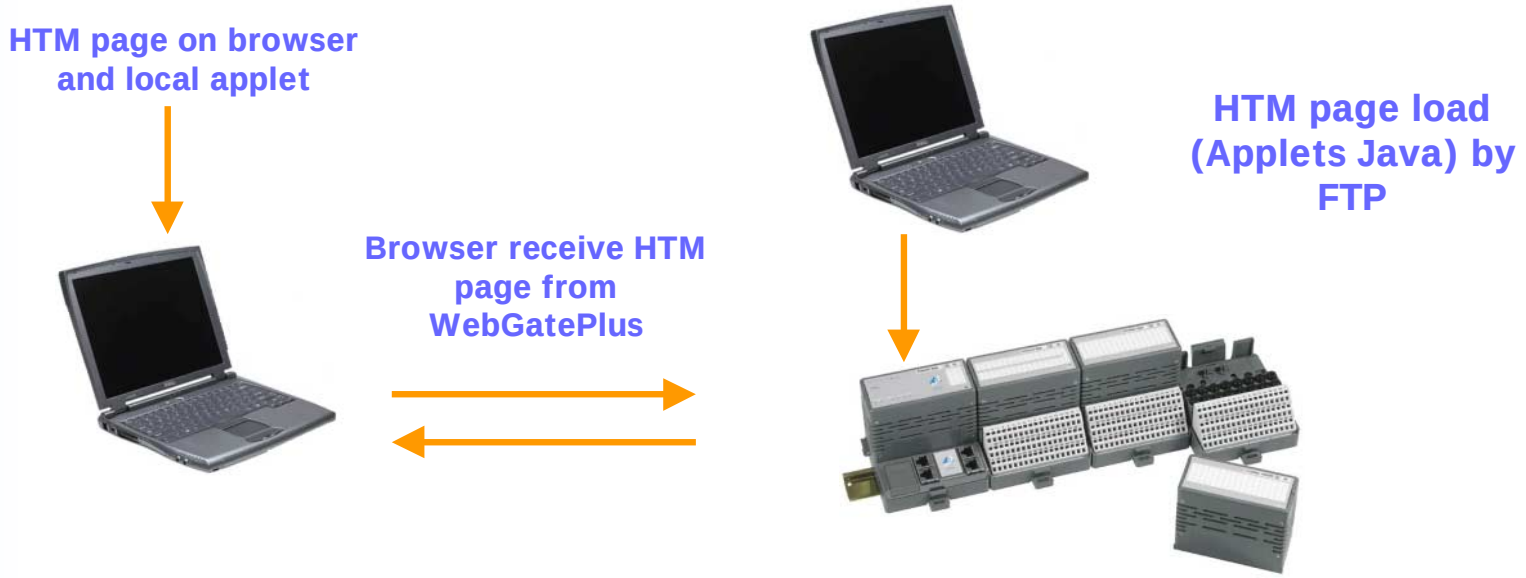
Webgate Plus & PO7091

- WebServer: communication with a standard browser using HTML, XML, Java ...
- WebGate Plus allows integration of any ALNET I device to Industrial Ethernet and Internet and PO7091 with CPUs from Ponto Series
- Access control by password and by hardware
- Diagnose statistic from Ethernet communication
- Memory expansion by mcard until 1Gbytes



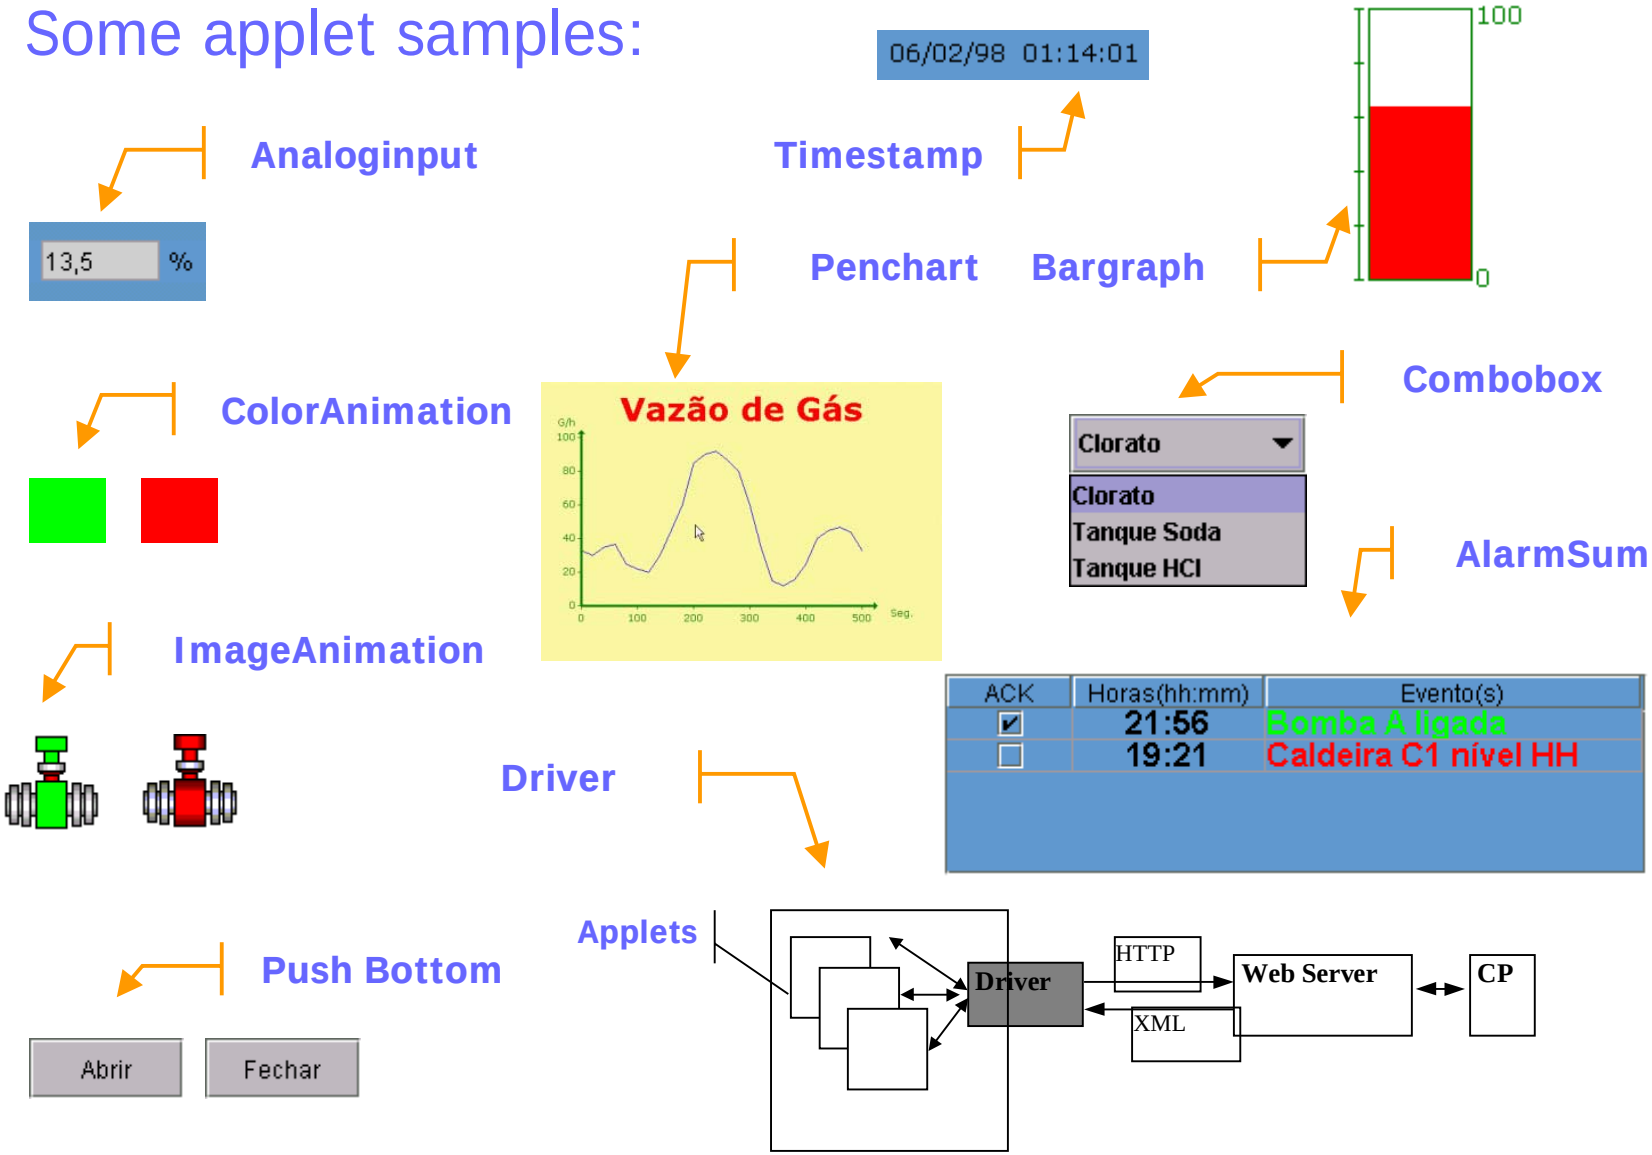
WebView

- Toolkit to help HTML applications development to Altus Industrial Ethernet Interface
- Set the applets Java that allows communication from application with Altus PLCs
- The data received / sent to PLC is presented like SCADA System to users
- Each applet is equivalent to a SCADA object



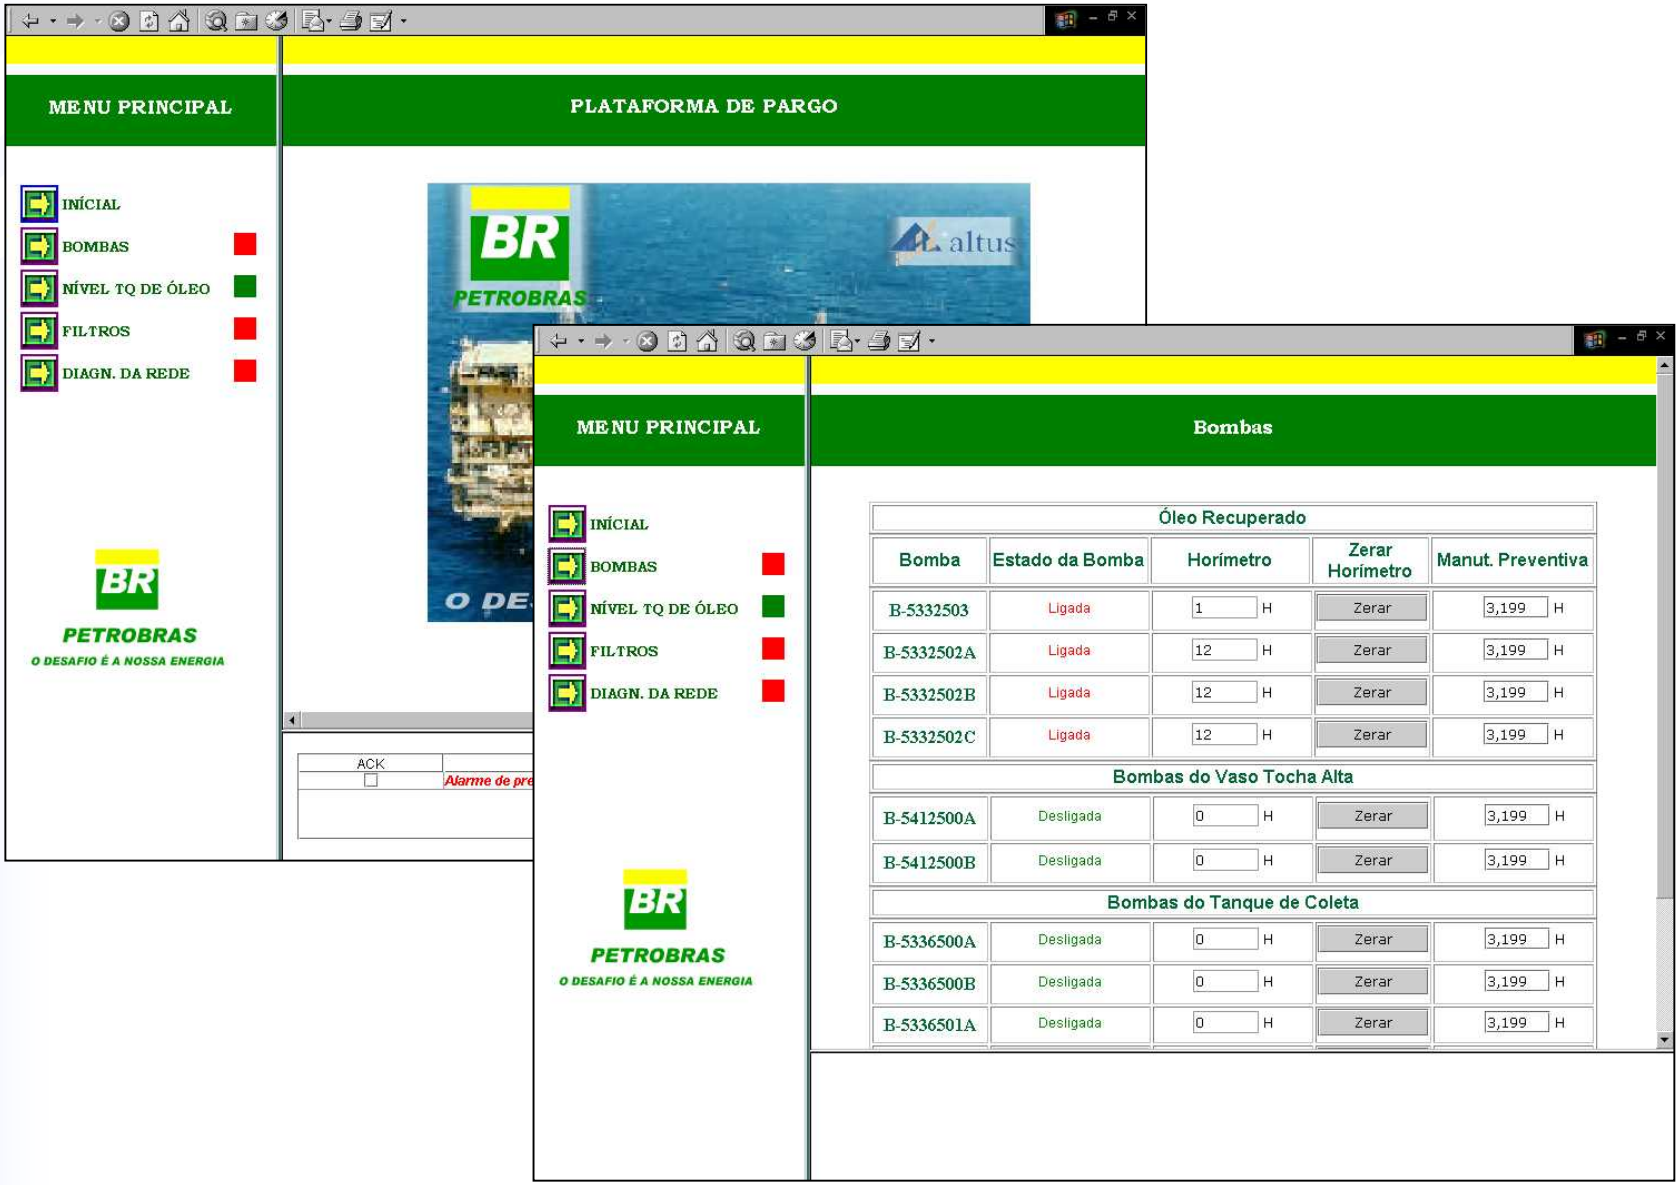
WebView

- Some applet samples:

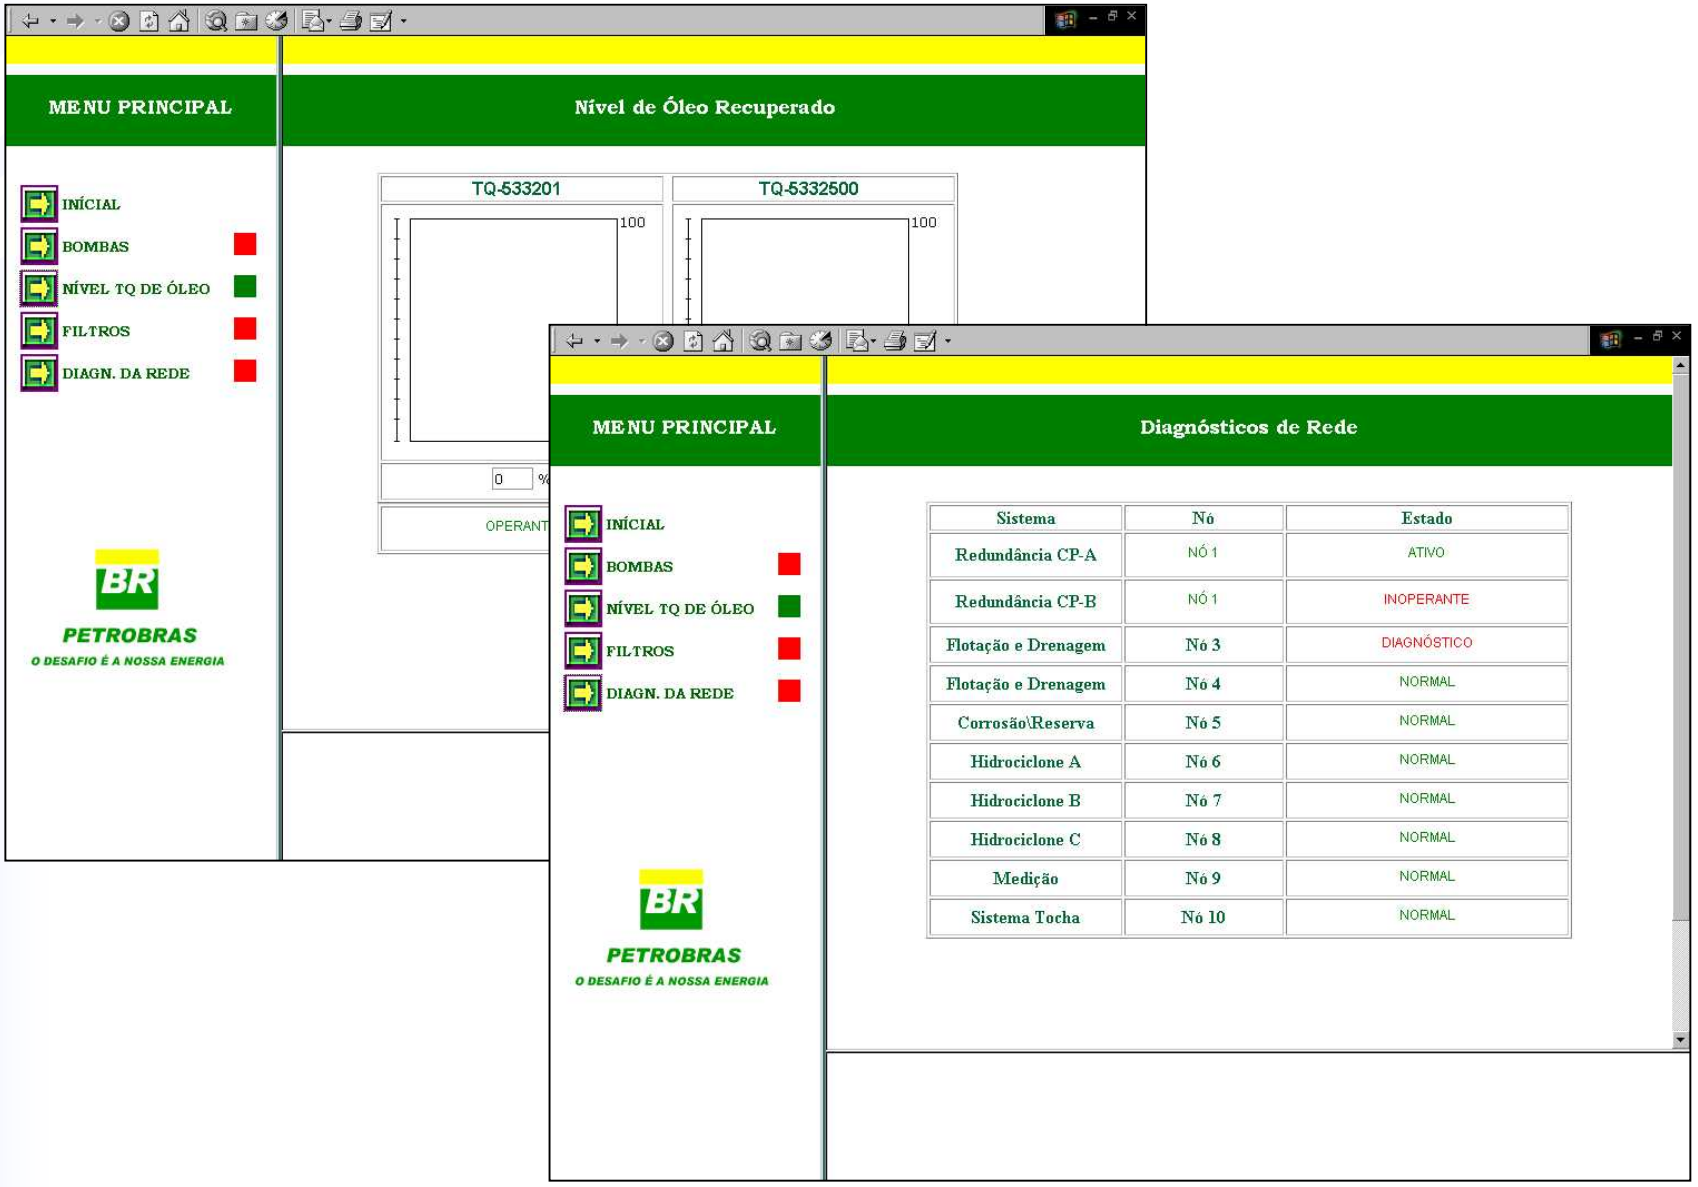


Aplications

Application - Petrobras



Application - Petrobras



Sistema	Nó	Estado
Redundância CP-A	NÓ 1	ATIVO
Redundância CP-B	NÓ 1	INOPERANTE
Flotação e Drenagem	Nó 3	DIAGNÓSTICO
Flotação e Drenagem	Nó 4	NORMAL
Corrosão\Reserva	Nó 5	NORMAL
Hidrociclone A	Nó 6	NORMAL
Hidrociclone B	Nó 7	NORMAL
Hidrociclone C	Nó 8	NORMAL
Medição	Nó 9	NORMAL
Sistema Tocha	Nó 10	NORMAL
